## “How to make a website” seminar

This one-hour seminar will show you some ways to set up a website for your project or personal profile using free resources.

It is based on my own experience as a professional creator of web suites and communities, which I now use in my work at Moray House and as a part-time PhD researcher.

There will be an additional half hour for Q & A at the end of the session and extra material/tips available in the handout.

- Introduction
- Choosing a platform
- Making a site
- Next steps
- Q & A
